OUR **CONFLICT-OF-INTEREST FREE** SERVICES

As a law firm you work hard to win, maintain and nurture the relationships you have with your client but the need may arise where you require another law firm to act for the client because you have a conflict of interest or for another reason. You need to be confident that not only will your client be looked after in a professional manner, but that your relationship with that client will be unaffected or even strengthened following the completion of our services. As part of this, and to preserve your relationship, we provide an undertaking not to act for your client in any other matter.

A major feature of our firm's work is referrals made by other law firms – be they in the UK, USA or elsewhere – in particular large English and US law firms. This is, in part, a reflection of our reputation for high quality legal work and straight-dealing with clients. We are able to provide testimonials upon request.

Typical areas for our conflict of interest free work include litigation and arbitration regarding:

- Disputes involving banks and other financial institutions.
- Complex commercial disputes, often with international aspects.
- Disputes with large domestic or international entities.

Some examples of the work of members of the firm are given on later pages.

- We provide regular estimates of costs.
- Our invoices are accompanied by a detailed report outlining the work that has been carried out.

- We have relationships with all the leading litigation funders.
- We have high-quality associates and senior associates, who have often joined us from large law firms – our teams and lawyers are recognised in both the Chambers & Partners and the Legal 500 directories.
- We have an excellent reputation for the quality of our services and our relationships with clients.
